In 1972 American Rock band Alice Cooper released it's 5th studio album 'School's Out'. The song sat on the Canadian rock charts as #1 for 4 weeks. Our schools are out for the summer with hopes of returning to the classroom in September!

Was Alice Copper really right when he sang the lyrics 'School's out for summer. School's out forever' ? Only our kids dream this will be so!

Have great summer..the beauty weather is here!

Let your smile change the world.  
But don't let the world change your smile.

## HEALTHY SMILES

at HOME  
with Paula O'Connor

### HELLO ONAPING FALLS RESIDENTS

I am so proud of our community as we have done so well at keeping ourselves and loved ones safe by carefully following instructions, self isolating and social distancing. When this settles, which we all hope is soon, we will definitely appreciate plenty of human contact. When it comes to my profession of dentistry things will be different. The fact that our patients trust us to let us into their personal space is what makes my profession so special. When I come to see you for your dental cleaning you will see that dentistry after Covid-19 has changed. Being so close and dealing with saliva you will see I look more like I am heading to the moon rather than cleaning your teeth. Some new systems will take place with a couple of questions before I arrive and taking your temperature when I do arrive. We have recieved the new protocols from our governing body and we are slowly preparing to return to work. The most important thing for you to remember is we will keep everyone safe and healthy while attending to your dental health. For now please continue to stay safe and be patient with us as we implement the required changes and purchase the additional personal protection equipment (P.P.E.).

*I will be excited to see you when the time is right!*

Paula
